Housing quality and maintenance

Quality of housing

Scottish Housing Quality Standard (SHQS) – Stock condition survey information (Indicator C8)

C8.1	The date your organisation's stock was last surveyed or assessed for compliance with the SHQS	03/2021
C8.2	What percentage of stock did your organisation fully assess for compliance in the last five years?	100.00
C8.3	The date of your next scheduled stock condition survey or assessment	12/2021
C8.4	What percentage of your organisation's stock will be fully assessed in the next survey for SHQS compliance	20.00
C8.5	Comments on method of assessing SHQS compliance.	

We carried out a Stock Condition Survey in 2014. It stratified the stock into property types using construction type and date of construction. A 20% sample size was surveyed of each strata type within each geographical area to ensure a representative sample. This formed the basis for our LCC and planned maintenance programme. However in order to replace any cloned data and to refresh older data we have been supplementing the surveys done at Stock Condition Survey. We carry out continuous assessment of our stock and capture site data through an ongoing combination of inspection at void, and during access to carry out planned maintenance programmes. The latter has been constrained during 20/21 due to the restrictions on carrying out planned maintenance during the pandemic. For the same reason our target of a 100% EPC data base has had limited progress this year apart from in voids. During inspections for EPC, SHQS is also refreshed for any deterioration. Our Senior Clerk of Works carries out an annual in house survey and assessment of non standard elements in our stock. We had to defer our 2020 SCS until 2021.

Scottish Housing Quality Standard (SHQS) – Stock summary (Indicator C9)

		End of the reporting year	End of the next reporting year

How many times in the reporting year did not meet your statutory duty to complete a gas safety check (Indicator 11).

11.1	The number of times you did not meet your statutory duty to complete a gas safety check.	46
11.2	if you did not meet your statutory duty to complete a gas safety check add a note in the comments field	
<p>Of 1086 properties with gas, 16 remained capped at year end. The remainder had a new valid gas certificate at 31/3/2021. Within that total, the 46 properties that were done out with their anniversary date was due to the pandemic. This was a combination of factors; tenants who had covid or were told to self isolate, those in hospital or shielding. In addition contractors would not initially carry out gas safety checks until May 20. Monthly reporting on compliance was done to Board from May 2020. In September 2020 Board approved the resumption of forced access from 30/9/2020. These were not suspended during the second lockdown of Q4.</p>		

Indicator 11		46

Annual Return on the Charter (ARC) 2020-2021

Comments (Housing quality and maintenance)

Indicator 8 Increase in numbers due to requirement to carry out only make safe and health and safety repairs during lockdown. Despite which reporting only small increase in average time.

Indicator 9 Non emergency repairs logged and carried out after lockdown. This substantially increased the timescale on completion for some repairs. However this was offset by good performance out with lockdown resulting in average time increasing by only a day.

Indicator 11.2 Stock has increased by 35 due to the acquisition of a further 35 uninhabitable properties (to add to the 1 we had in 19/20). The 36 are void and awaiting going on site for Orchard Street CTI development scheme. Exemption is sought due to the excessive cost of bringing up to EESSH prior to that date.

Social exemption-is required for 7 properties where we anticipated carrying out work but were unable to do so due to the pandemic. This is a temporary deferment.

Technical exemption- is required for one property where EPC additional measures under Rd SAP2012 recommendations would not reach a pass rating at this time.

Indicator 12.1 EPC could only be carried out in void properties during 20/21 hence the low number of EPC lodged. Uninhabitable properties acquired for Orchard Street CTI development scheme are the increase in stock numbers. These have no EPC and are being treated as cloned Fails.

Neighbourhood & community

Estate management, anti-social behaviour, neighbour nuisance and tenancy disputes

Percentage of all complaints responded to in full at Stage 1 and percentage of all complaints responded to in full at Stage 2. (Indicators 3 & 4)

16.2.5	other	0

Indicator 16 - Percentage of new tenancies to existing tenants sustained for more than a year	94.12%
Indicator 16 - Percentage of new tenancies to applicants who were assessed as statutory homeless by the local authority sustained for more than a year	94.12%
Indicator 16 - Percentage of new tenancies to applicants from the landlord's housing list sustained for more than a year	87.06%
Indicator 16 - Percentage of new tenancies through nominations from local authority sustained for more than a year	100.00%
Indicator 16 - Percentage of new tenancies to others sustained for more than a year	N/A

Annual Return on the Charter (ARC) 2020-2021

Comments (Access to housing and support)

INDICATOR 17 total number lettable stock reduced to reflect increase in property given to council for use as temp accommodation

INDICATOR 23 - Renfrewshire Council allow 2 offers for sect 5 homeless cases. We operate a property led referral process for Sect 5 with RC at their request i.e. we give them the property and they identify if have an applicant to match with it

INDICATOR 19

Impact of Covid including lockdown periods has substantially increased turnaround of work being carried out. For example two AD1 received in April 2020 account for 322 days. Only emergency and health and safety work was carried out during lockdowns. AD1 contractor unable to carry out normal service in first lockdown, although we did manage to do AD1 work during the second lockdown. However not all tenants wished work carried out immediately e.g. if vulnerable/shielding and we had to respect their wishes.

**Getting good value from rents and service charges****Rents and service charges**

Rent collected as percentage of total rent due in the reporting year (Indicator 26)

26.1	The total amount of rent collected in the reporting year	£5,433,907
