

## Can you help us?

**Do you have experience of living on a low income or struggling financially?**

The Poverty Alliance is conducting interviews to hear about experiences of living on a low income to help inform local council and Scottish Government approaches to providing support.

We would like to speak to **parents and caregivers** including **lone parents, young parents, disabled parents, parents from Black and ethnic minority communities and parents with 3 or more children** – in the council authorities of **Renfrewshire and Inverclyde**.

We want to understand **what is happening** in people's lives and in your community and **hear your views on what needs to change**.

### How can you help?

We are looking for people to take part in a one-to-one interview lasting around 45 minutes by phone or online. As a **token of thanks, we have £15 vouchers** to give you.

### How will my answers be used?

By taking part in this research, you will be helping us to understand what needs to change and to share those messages with your local council and the Scottish Government. We will use what you tell us to write up a report. Your answers will be used anonymously.

### How can I take part?

Please contact Beth Cloughton, who is a researcher on the project at: [beth.cloughton@povertyalliance.org](mailto:beth.cloughton@povertyalliance.org) or 07469345432.

We would like to undertake these interviews by the end of January 2021.
